ABOUT PARTNER FOR WINDOWS

Partner for Windows is a comprehensive practice and case management system including accounting, case and document management, time recording and billing which together form a complete system to meet the back and front office requirements of a modern legal practice.

The extensive functionality of Partner for Windows can further be enhanced using a range of specialist third party solutions designed to address key business issues for the legal profession. Each of these solutions is seamlessly integrated into Partner for Windows to ensure that the single practice and case management database remains at the core of the system.
